a medical authority explores the interrelation of body and mind pointing to the struggle between man s ancient drives and human goals as the cause of psychosomatic disorders and explaining specific nilments

for millennia the sages of the past have claimed that the world is maya or illusion neo sufi philosophy discusses the precise set of mechanisms through which the artifact of the separate self arises and is perpetuated it shows that there are two outst

interviews from the edge presents a selection of conversations drawn from 50 years of the international journal new orleans review that dive head first into the most enduring aesthetic and social concerns of the last half century from reflections on the making of literature and films to personal accounts of writing inside racial divides and working against capital punishment the writers poets and activists featured in this book offer not only a fresh perspective on our present struggles but also perhaps a way through them for writers and readers alike i think it s frightfully important and this is really much more difficult than it sounds only to say what you absolutely believe christopher isherwood most american writers probably do not think of their writing as a kind of activism and it shouldn t have to be i don t think we can impose that on writers but it can be i think for many writers the ones i admire it is viet thanh nguyen do you become a writer because you desire to become famous and make a lot of money or do you become a writer because there s something you discovered this spark this flash that you want to share with other human beings knowing that they can enter into the words too sister helen prejean the hardest part of developing a style is that you have to learn to trust your voice if i thought of my style i d be crippled somebody else said to me a long time ago in france find out what you can do and then don t do it james baldwin as i have grown older i have come to see that the romantic notion of the outsider in love with death doesn t solve a thing it only makes life worse we have to find ways to create communities valerie martin

jurisprudence for a free society is a remarkable contribution to legal theory in its comprehensiveness and systematic elaboration it stands among the major theories it is also the most important jurisprudential statement to emerge in the post war period the pioneering work of lasswell and mcdougal on law and policy is already legendary most of the work produced by these scholars together and in collaboration with their students represent applications of their basic theory to a wide assortment of international and national legal and policy problems now for the first time the authoritative statement of their legal philosophy appears as a single volume in part i the authors develop their fundamental criteria for a theory about law including the requirements of clarifying observational standpoint focus of inquiry and the pertinent intellectual tasks incumbent on the scholar and decisionmaker for determining and achieving common interests trends

in theories about law including natural law the historical school positivism the sociological study of law american legal realism and other contemporary theories are explored for what they might contribute to the achievement to the authors conception of an adequate jurisprudence in part ii the social process as a whole and the particular value institutional processes that comprise it are described and analyzed because people establish maintain and change institutions the dynamics of personality and personality s relation to law is delineated part iii explores the intellectual tasks of policy thinking from clarification of values through description of trend the scientific examination of conditions projection of future developments and the invention of alternatives part iv examines the structure of decision in a free society a society in which the achievement of human dignity is confirmed in both word and deed six appendices bring together monographs by the authors over a period of forty years which deal in more detail with particular matters treated in the body of the book

july 1918 1943 include reports of various neurological and psychiatric societies

the most complete compendium of innovative psychotherapies available this reference handbook provides a working knowledge of 64 systems of counseling and psychotherapy in wide use today each contributor is a foremost practitioner of the therapeutic system he or she discusses provides detailed yet accessible accounts of such innovative effective therapies as biofeedback conditioned reflex dance and direct psychoanalysis contains chapters on important theories and therapies not easily obtainable including the japanese systems of naikan and morita aqua energetics covert conditioning and a wealth of others full coverage of many unusual systems including autogenic training creative aggression ego state and others described and discussed by their innovators or others with expert knowledge

vols 2 and 5 include appendices
