five distinguished scholars here summarize the state of current knowledge about ancient egyptian temples and the rituals associated with their use the first volume in english to survey the major types of egyptian temples from the old kingdom to the roman period it offers a unique perspective on ritual and its cultural significance the authors perceive temples as loci for the creative interplay of sacred space and sacred time they regard as unacceptable the traditional division of the temples into the categories of mortuary and divine believing that their functions and symbolic representations were at once too varied and too intertwined both informative to scholars and accessible to students the book combines descriptions of specific temples with new insights into their development and purposes

originally begun in collaboration with professor w l moran this work collects all of the extant cuneiform tablets inscribed with lists of temples the temple lists are classified in terms of their organization whether associated with lexical lists organized theologically topographically or hierarchically presenting deities and temples according to their relative rank the main part of the book is an up to date gazetteer of the ceremonial names of ancient mesopotamian temples this gazetteer replaces similar though less complete listings from earlier in the century and provides

where known location divine owner and other relevant information for each temple listed by including not only names from temple lists but also from other literary genres professor george has provided a standard reference guide that assyriologists and others with interest in mesopotamian religion will consult with regularity for years to come indexes to the gazetteer of divine personal and royal names and of cuneiform tablets enhance the reference value of this unique tool the sixteen plates include some material not previously published

this volume publishes papers on the egyptian temple given at the 1994 colloquium of the department of egyptian antiquities british museum along with other invited contributions

illustrations and text explain how the temples of ancient greece were planned built and used

a lavishly illustrated study of ancient egyptian temples traces the history of the largest religious monuments ever known from the earliest times through their period of glory and ultimate decline to their rediscovery and study in modern times

this milestone study is a thorough examination of the various cultic and social phenomena connected with the temple activities connected with the temple s inner sphere and belonging to the priestly circle the book also seeks to demonstrate the antiquity and the historical timing of the literary crystallization of the priestly material found in the pentateuch contents prologue the israelite temples temples and open sacred places the priesthood and the tribe of levi the aaronites and the rest of the levitical tribe the distribution of the levitical tribe the centralizations of the cult the priestly image of the tabernacle grades of sanctity in the tabernacle temple and tabernacle the ritual complex performed inside the temple incense of the court and of the temple interior the symbols of the inner sanctum the non priestly image of the tent of meeting the emptying of the inner sanctum pilgrim feasts and family festivals and the passover sacrifice

take an incredible tour through an ancient greek temple this is the inside story of the magnificent temples which were built by the greeks to worship their many gods and goddesses discover the amazing rituals and festivals that were at the centre of greek life learn how the world of the greeks was brought to an end by their foreign neighbours superb cutaway illustrations and pinpoint enlargements accompany the text informative captions maps a complete glossary and an index enhance the book s educational value

from book cover tombs temples and ancient art when joseph lindon smith went out to egypt as a young artist in 1898 archaeology was beginning to uncover some of the fabled treasures of an ancient land for the next half century he devoted himself to the great finds as they were excavated from the encroaching sands depicting them in countless paintings for the leading museums of the world he became the friend of flinder petrie the greatest of late nineteenth and early twentieth century egyptologists and the co worker of the best known archaeologists down to 1950 he explored and painted at petra persepolis ur palmyra and baalbek he also did work with sylvanus griswold morley in the ancient maya centers of america and painted in the far east his personal account of what transpired under his eyes and of the chronology and relations of ancient art over a wide area is at once exciting narrative and important history the many illustrations chosen from his painting provide visual accompaniment to his story of classical civilizations and reveal the literal quality of his own art which has in notable instances preserved for us the likeness of things that have since crumbled or faded on exposure to light and air after being buried for centuries tombs temples and ancient art gains strength for its informality for

while the initiated will discover facts and interpretations of high importance to science all readers will recognize in it the work of a man alive to adventure

old stones new temples is the first comprehensive introduction to hellenic reconstructionist paganism carefully researched documented this book provides everything a modern person needs to practice ancient greek religion today

reprint of the original first published in 1871

in pakistan s northwest a sequence of temples built between the sixth and the tenth centuries provides a missing chapter in the evolution of the hindu temple in south asia combining some elements from buddhist architecture in gandharā with the symbolically powerful curvilinear nāgara tower formulated in the early post gupta period this group stands as an independent school of that pan indic form offering new evidence for its creation and original variations in the four centuries of its existence drawing on recent archaeology undertaken by the pakistan heritage society as well as scholarship from the encyclopaedia of indian temple architecture project this volume finally allows the salt range and indus temples to be integrated with the greater south asian tradition

after reviewing the topography of the site the strudwicks recount the history of thebes from the city s rise in the late old kingdom to the peak of its power in the new kingdom and to its gradual decline in the graeco roman period

despite the prominence of ancient temples in the landscape of egypt books about them are surprisingly rare this new and essential publication from a prominent czech scholar answers the need for a study that goes beyond temple architecture to examine the spiritual economic and political aspects of these specific institutions and the dominant roles they played miroslav verner presents a deeper and more complex study of major ancient egyptian religious centers their principal temples their rise and decline their religious doctrines cults rituals feasts and mysteries also discussed are the various categories of priests the organization of the priesthood and its daily services and customs each chapter offers the reader essential and up to date information about temple complexes and the history of their archaeological exploration in the context of the spiritual dimension and cultural legacy of ancient egypt

large state temples in ancient egypt were vast agricultural estates with interests in mining trading and other economic activities the temple itself served as the mansion or palace of the deity to whom the estate belonged and much of the ritual in temples was devoted to offering a representative sample of goods to the gods after ritual performances produce was paid as wages to priests and temple staff and presented as offerings to private mortuary establishments this redistribution became a daily ritual in which many basic necessities of life for elite egyptians were produced this book evaluates the influence of common temple rituals not only on the day to day lives of ancient egyptians but also on their special events economics and politics author katherine eaton argues that a study of these daily rites ought to be the first step in analyzing the structure of more complex societal processes

ancient egypt has captivated visitors for centuries this beautifully illustrated volume offers an intriguing insight into the religious and burial practices of the ancient egyptians it reveals the tombs of the three most famous ancient burial sites in egypt giza saqqara and the valley of the kings where the famous tomb of the boy king tutankhamun was discovered it investigates the

numerous temples of the pharaohs gods and goddesses of ancient egypt including philae karnak and abydos with compelling insights into the daily lives and religious practices of the ancient egyptians lavishly illustrated with wonderful photographs and detailed plans of the major sites this informative book will provide the reader with a fresh and authoritative view of this ancient civilization
